

CONSENT FORM FOR OVERDRAFT SERVICES

What You Need to Know about Overdrafts and Overdraft Fees

At Vermont Federal Credit Union an overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have standard overdrafts practices that come with your account.
2. We also offer overdraft protection plans, such as a link to another account or line of credit, which may be less expensive than our standard practices. To learn more, ask us about these plans.

This notice explains our standard overdraft practices.

➤ **What are the standard overdraft practices that come with my account?**

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your share draft checking account number.
- Automatic bill payments, which includes the Vermont Federal Bill Payment service.

We do not authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions.
- Everyday debit card transactions.

➤ **What fees will I be charged if Vermont Federal Credit Union pays my overdraft?**

Under our standard overdraft practices:

- We will charge you a fee of \$25.00 each time we pay an overdraft when the item presented exceeds \$5.00.

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your transaction will be declined.
